HOPE & INCLUSION BASED ON SSE & SDG

By Asian Solidarity Economy/RIPeSS Asia

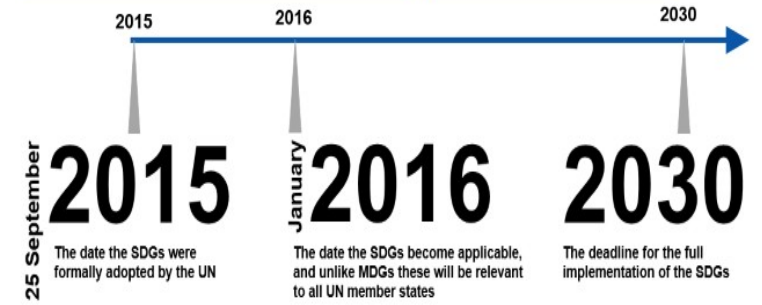

# UNITED NATIONS & GLOBAL DEVELOPMENT PLANS

# SDG AGENDA

- UN 2030 Agenda – Sept 25, 2015
- *“Leaving no one behind”*
- SDGs contain the 3 dimensions of sustainable development : economic, social & environment
- The agenda now is a focus not just on development concerns but also human rights and environment.
- Partnership: Public, Private sector & civil society

# OVERVIEW

# SDGs & SSE - Conceptual Reflections

SDGs provide a unique opportunity to integrate five dimensions of development of SDGs namely:-

- **People** – human development including personal freedoms
- **Prosperity** – wealth creation, economic growth & equitable distribution

# SDGs & SSE - Conceptual Reflections

- **Planet-** environment -sustainable & responsible use of resources
- **Peace-** community solidarity, inter ethnic & religious harmony, justice & human rights
- **Partnership-** governance, accountability, cooperation among sectors

# SDGs & SSE – Conceptual Reflections

SSE provides the platform to realise this potential at the community level in an integrated way:-

- SSE empowers **local communities** as the grassroots are in direct control of the enterprise and directly benefiting from it. People participation and joint cooperation is central
- SSE creates a more just and equitable share of the resources especially **wealth distribution** context of **wealth creation**.

# SDGs & SSE – Conceptual Reflections

- SSE fosters **value transformation** such as appreciation of diversity, respect of human dignity, self respect & fundamental human rights
- SSE has greater appreciation of the **environment** & appreciation of inter-generational sustainability
- SSE **governance structure** is to be participatory and accountable to the people

# ASEAN POLICY DOCUMENTS

# SDGs & SSE – Grass Roots Examples

- We can draw significance and synergies from micro experiences for macro policy formulation.
- Community based initiatives can drive an integrated approach to SDG implementation.

# World Social Forum of convergence of Transformative Economies

- **A two-year process of convergence to build an Inclusive World Agenda**
- The objective is to start a process of convergence between all initiatives, practices, movements and ways of understanding the economy that share the common goal of transforming the existing economic system, beyond Social and Solidarity Economy.
- **Another World already exists.** We now need to bring together our strength, the common solutions and practices both locally and internationally, to build an inclusive world agenda, and jointly face today's main challenges!
