TRAINING NATION

- is addressed to VET and/or SSE trainers;
- is designed as a **learning process** through **concrete experience** that allows the target group (VET trainers) to know SSE initiatives directly in order to facilitate their understanding of the local context;
- facilitate the creation of training community

TRAINING IN ACTION: a process in 3 phases

Co-design a training in action experience with VET trainers involved in SSE field at international level, Bergamo, 5 days (Bergamo, 14-18 October 2019);

Ten national pilot trainings, 8 days (December 2019-June 2020)

Trainers exchange: mutualising experiences, methodologies and suggestions for a validated Training in action proposal , 5 days (9-13 November 2020)

Trainers exchange: mutualising experiences, methodologies and suggestions for a validated Training in action proposal , 5 days (9-13 November 2020)

- the participants: trainees involved in national trainings;
- the program: 3 hours/days ;
- organisation: zoom platform, each day you will receive the access information for the next day;
- facilitators: CRIES (Mihaela&Ildiko), SOLIDARIUS (Chiara&Nora). Sofia (APDES) facilitates the training evaluation.

Trainers exchange: mutualising experiences, methodologies and suggestions for a validated Training in action proposal – general purpose:

- To compare national experiences
- To feed an exchange at transnational level between the different national paths and to search a synthesis that can become a proposal to be presented to European institutions and stakeholders.
- To validate the training course as a whole, taking in consideration all the national realities.
- To set up advocacy work for the innovation of VET trainers' profiles and curricula.

Trainers exchange: mutualising experiences, methodologies and suggestions for a validated Training in action proposal – specific learning outcomes:

1. Knowing the experiences made in the national experimentations of other countries
2. Strengthening their own competencies and skills as trainers through the transnational exchange and in according with the capabilities approach
3. Comparing the methodologies used during the national trainings in according with the principles and values of the SSE

Trainers exchange: mutualising experiences, methodologies and suggestions for a validated Training in action proposal – specific learning outcomes:

4. Comparing how - in the different experimentation areas- the action research was used to make VET curricula training-in-action course.
5. Becoming aware of the importance for the VET system to adopt the SSE perspective and be an active player in the transition from mainstream economy to SSE.
6. Reflecting on how to ensure the effectiveness of training in action course also in e- learning (methodologies and tools, action research, training design, training community)

The program for today:

09.30-10.30: General presentation of the participants and of the project “SSEVET2 – Strengthening VET Trainers’ Competences and Skills”

10.30-10.45: Coffee break

10.45-12.45: Present the experience on SSE national trainings at level of 6 European countries (DE, IT, GR, FR, PT, RO) – presentation will be made by trainers/trainees/partners.
