BIRARADA

(Science, Art, Education,
Research and Solidarity
Association)

Presentation for
«Solidarity Economy in
Turkey: First Meetings
between Actors and
Researchers» organised
by Galatasaray
University, 14.12.2020

ABOUT US

- BIRARADA is established by Academics for Peace as a result of workshops done by Solidarity Academies operating in various provinces of Turkey.
- It is a search for Solidarity Economics among Academics.
- Our vision is to support a democratic and peaceful world in which scientific and critical knowledge is produced –and accessible for all- for the benefit of society and nature.(Academics for society)

PURPOSES

Solidarity

Critical and free
academic
knowledge

Institute

- Solidarity and support with our association members
 - Increasing employment of our members in the association.
 - Increasing scholarships given to our members
 - Following and supporting the studies of our members
 - Following and disseminating news about our members
 - To organize promotional days for the studies of our members
- Birarada Academy Online Platform
 - Developing academic consultancy relationships among members through the online platform
 - To support joint research and academic activities among members through the online platform
- To transfer the library of the association to a systematic program, sharing databases and making them available to members of the association

Critical and free academic knowledge

- To ensure that our **training workshops** reach different segments
- To open a public discussion area on current issues of the association through **thematic activities** and to increase the recognition of the association in this way,
- To develop **scientific studies and projects** for the solution of main problems and threats in issues related to social problems related to the aims and objectives of the association.
- To create an **archive (institutional memory)** that includes the documents and information of the Solidarity Academies and the association; to make the archive available to members, other institutions and the public.
- Raising awareness among our members and followers by sharing knowledge and experience on ecological issues with our **Green Food Workshops**

Institute

Another Academy Working Group

- Organization of **workshops** held every 3 months
- The evaluation of the outputs of this workshops in terms of determining the principles and program of an institute
- **Critical Academy Readings:** Critical course schedules
- Organization of **Another Academy Symposium**

Search for collaboration

- **Off-University**
- **European Universities,**
- **Research Institutes in Europe,**
- **Cooperative Universities**
- **SAR institutions**
 - **to develop :**
 - Mentoring –Mentee relationship
 - Mentor training,
 - Cooperation among academic researchers,
 - Training for academic career improvement,
 - Cooperation in teaching activities,
 - Fellowship, Scholarship announcements,

Collaboration schemes

- **Sustainability:** Stand-alone solutions that do not enforce physical mobility and elevate opportunities for international collaboration and solidarity in risk areas; i.e. establishing an autonomous research center/institute
 - Courses accepted as part of the program of partner universities
 - Periodical programs can be given a certificate
 - This provides the path to an Institute/Research Center that would enhance the solidarity for all SAR
- **Informed policy-making and Advocacy:** To contribute policy-making to support SAR and improve European Research Area to include academic freedoms, gender equality and diversity

THANK
YOU
